## 'Total Victory' To Prolong War Declares Pope

By PHILIP AULT

LONDON, June 2.—Pope Pius XII warned the warring nations today that demands for total victory might prolong the war unnecessarily, and appealed to their military leaders to spare Rome from the battle now raging a dozen miles from its gates.

Speaking against the distant thunder of Allied and German guns duelling on the approaches to the Eternal City, the pontiff reiterated his stand that the war must be terminated by a just peace.

"Fear has risen with many that there would be for the nations and their peoples no other alternative but full victory or complete annihilation," he said.

**SPEAKS OF SUFFERINGS**  
"Once this dreadful dilemma has penetrated the minds of the people, it works as a stimulant for prolongation of the war, even with those who by an inner impulse or for realistic considerations would be inclined to a reasonable peace."

LONDON, June 2.—American Bombers and Allied fighters lashed out in big formations from Britain and Italy today at the French invasion coast and five Balkan rail centres keying Axis transport to the restive Soviet-German front.

A thousand heavy bombers struck a blow at the Pas de Calais coast of France, and nearly 700 big aircraft based in Italy, smashed at communications centres in Hungary and the Transylvania border region of Hungary and Romania.

The two attacks put the pre-invasion bombardment of Europe back on a major footing after a slump caused by stormy weather over the German-held continent.

Strong formations of Allied warplanes struck the French coast this evening, and the Paris and Vichy railroads went off the air, indicating that new attacks were under way against the continent.

**SMALL NIGHT FORCE**  
The A. B. F. bomber command sent a comparatively small force against the enemy last night to keep him off balance while the main striking force was waiting for better weather.

Big Lancasters smashed for the second straight night at Saumur, 100 miles inland from St. Nazaire between Nantes and Tours, while other night raiders stalked at the

## Weather Forecast

### Is for More Rain

More rain is forecast for Edmonton Friday, making certain the fact that this will be the wettest week experienced to date this year.

In an obvious effort to make up for the unusually dry winter, the weatherman dropped a little rain on the city in the last 24 hours. Rain overnight began at 8:20 p.m. Thursday and continued through until 1:45 a.m. today. It began again at 8:15 a.m. and was continuing at press time.

Maximum temperature recorded Thursday was 69 degrees, with the minimum at 32 degrees. At 8:30 a.m. Friday the temperature was 32 degrees.

Today's forecast promises a wet day, saying simply, "Overcast with light rain."

## Archbishop's Son Killed in Italy

WINNIPEG, June 2.—(CP)—Lieut. Sherman was killed in action with Canadian forces in Italy, it was learned yesterday by his father, Archbishop L. B. Sherman of Rupert, Man.

Lieut. Sherman was a member of The Loyola Battalion Regiment, which was killed in action at the Gordon Heights, B. C. officers training centre. Survivors include his parents, one brother, Louis Ralph; and two sisters, Barbara Ann and Joan.

## Canada's Role In Pacific War Not Revealed

By B. T. RICHARDSON  
Exclusive to The Edmonton Bulletin

OTTAWA, June 2.—A remark made by Prime Minister King in introducing Prime Minister Curtin of Australia yesterday, has raised speculation on Canada's participation in the Pacific war.

While several official declarations have been made assuring alignment of Canadian forces to the war against Japan as soon as Germany surrenders, no hint has been given whether Canadians would be sent to North or South Pacific or Southeast Asia.

Mr. King said, "On the morrow our forces will be found closer than ever at the side of yours, sharing with our allies in the total destruction of the tyranny of Japan."

This might indicate Canada will send forces to the southwest Pacific, to be based on Australia.

On the other hand, some circles believe Canadians will be sent to Mountbatten's command in India, Burma, and the Indian Ocean area, because the transfer from Europe would be easier to that Pacific war theatre than to any other.

CHUNGKING, June 2.—Four strong Japanese columns were reported closing in for a direct assault on Changsha and Changteh today and Chungking spokesmen said 90,000 enemy troops were massed around Canton for a co-ordinated drive northward aimed at clearing the Chinese armies from all of Eastern China.

Advanced Japanese units moving down from the southern and eastern shores of Tung Tung Lake were reported today from Hankow to support the offensive.

Simultaneously, the spokesman reported that 20,000 Japanese reinforcements landed along the Yangtze last Thursday to join the 70,000 troops already massed at Canton for the northward drive.

The southern army, including a navy picked unit from Nanchang, were understood to have assembled 300 tanks for the big push.

## Winnipeg Bank Employee Slain

WINNIPEG, June 2.—(CP)—S. W. Caughey, a bank accountant, was shot and killed today when three armed bandits attempted to hold up the staff of the North End branch of the Bank of Commerce here.

Police reported Caughey was killed as he pursued the unidentified bandits running toward a lane in the back of the bank. A bullet struck him in the face, killing him instantly.

## High Tides Nazis Pick June 22 For Invasion Rate

By ROBERT DOWSON  
Exclusive to The Edmonton Bulletin

LONDON, June 2.—Stockholm dispatches said today that the Germans believe the Allies will attempt to seize a series of beachheads along the coast of Western Europe in advance of their all-out invasion, which may not come until June 22 or later.

The preliminary landings presumably would be patterned after that at Anzio in Italy and be designed primarily to draw off and pin down German reserves. Swedish reports said the Germans were said to fear such landings along the coast of Belgium, Holland and France.

June 22 was picked by the Germans as the most likely date for the invasion because the tide will be a new moon and extremely high tides along the Atlantic coast at that time, Stockholm said.

At the same time, however, the Germans were said to have acknowledged that the Allies have completed all preparations for the invasion. The London Daily Express said the fields and roads of Western Europe were dry and covered with dust following a heat wave.

**QUIT VALMONTONE**  
American troops entered Velletri late yesterday. They found it defended by snipers in cellars and upper stories of buildings. Velletri, however, the Germans apparently pulled out to escape the threat of the converging Fifth and Eighth armies on the Via Cassilina.

Prior to today, the Americans were revealed to have cut the Via Cassilina in the Valmontone area, and to have taken the town of Ferentino to the town for a pincers assault on the Nazis had elected to defend it.

## Find Child's Body In Saskatchewan

The slightly decomposed body of an infant child, discovered in the Saskatchewan river by two boys, about two miles south of Eldorado, was the subject of investigation today by police.

According to word reaching police here the Lamont detachment, which was on duty at the time, wrapped in a newspaper and then placed in a beer can. Dale of the river had not been traced by police, nor was the sex of the child known.

R.C.M.P. expressed the belief that the body had been placed in the river at Edmonton, and then floated downstream.

After investigation by Dr. A. E. Braithwaite, chief provincial coroner, and an assistant coroner, the body was brought here for examination.

"The terrible tragedy of the world war as it unfolds itself before and around us," he said, "has reached a pitch and kind of frightfulness which smite and shock every Christian and human sense."

At the same time, the Pope broadcasting to the world over the Vatican radio, declared solemnly that the sweep of battle now being within earshot of the Vatican had brought home to face with "one of the gravest moments in its history."

## SEEKS ROSE SPARED

"Whoever would raise his hand against this sacred territory (Rome) will be accused of sacrilege," the Pope told the College of Cardinals on the occasion of the Feast of St. Eugene, his name saint.

"It is the duty of the Holy See and Apostolate to look after the welfare of souls and protect the town of Rome," the Pope said. "The Church will continue its efforts to see Rome spared. No human hand could prevent us from carrying out our duties according to law and God."

The Pope's speech was broadcast by the Vatican radio while Allied and German armies battled only a dozen or more miles away. Neutral dispatches said the heaviest battle already was audible in the Italian capital.

The Pope disclosed that Hungary, suffering refugees were streaming into Rome as the fighting drew closer to the capital.

"In few places in Italy and other

places in the world there such misery as in Rome, where the entire mass of people is suffering," he said. "The army of miserable people increases daily."

He said he had requested that food be shipped to Rome by sea, still was awaiting the reply of one of his lieutenants, whom he did not identify.

The Pope noted that the sacred territory around the sepulchre of Christ was becoming a theatre of war and said that a year ago such a development would have seemed to some people "incredible, impossible."

He urged that the belligerents reach a peace "designed according to Christian doctrine" and called for the increased influence of Christian teachings on all nations.

## Debt of Alberta Cut by \$18,000,000 Says Solon E. Low

VICTORIA, June 2.—(CP)—Social Credit government in Alberta has lessened the province's debt by \$18,000,000 and led the dominion in free, province-wide care for maternity, tuberculosis and cancer cases.

Solomon E. Low, Minister of Health, said today that the province's debt had been reduced by \$18,000,000. He said the province had paid off seven million in the bonds and nearly seven million savings certificates besides smaller amounts.

## 359 Are Overcome By Leaking Gas

NEW YORK, June 2.—(AP)—Chlorine gas leaking from a tank in a busy Brooklyn district yesterday sent 359 persons overpowered by the fumes to hospitals, numerous others were seriously affected, police said.

Approximately 150 persons were remaining under hospital care during the night, police said. They reported there were no fatalities.

Newspaper estimates of the number of persons nauseated or overcome ranged from 500 to 1,000.

The gas, heavier than air, descended through ventilators in the subway, forcing scores of persons to flee to the street where they took refuge.

Subway traffic for four lines was halted for 46 minutes.

The rescue efforts, on disaster scale, began within minutes after the fumes permeated the area.

## Plan to Intensify Army Recruiting

VICTORIA, June 2.—(CP)—Intensification of active force recruiting was announced last night by Maj.-Gen. J. H. Roberts, general officer commanding, Pacific command.

The campaign will run through the months of July and August. Plans are being made for intensification to secure more than 48,000 men needed this year for active service.

General Roberts has divided the campaign into three parts:  
1. Enlistment of active service men.  
2. Conversion of men called up under the National Resources Mobilization Act to active service.  
3. An intensive campaign for Canadian Women's Army Corps recruits to release men for overseas service.

## Franco Denounced By Moscow Radio

LONDON, June 2.—(CP)—The Soviet radio, bitterly denouncing Gen. Francisco Franco and his bloody dictatorship, said that the "fascist hordes of the Spaniards" had been "denounced by the Soviet radio." The broadcast said, quoting the newspaper Izvestia.

## Salvage Paper

OTTAWA, June 2.—(CP)—Francis Mackenzie, a lawyer, said last night in the Commons there was a bill to be introduced for the waste paper leaving the Commons building. He was suggesting Hon. George Stirling (PC—Yale) who said he hoped that salvage authorities received the "lots of paper" having no building duty.

## Curtin Looks Beyond War To Continued Collaboration Of Allies in Keeping Peace

By JAMES MCCOOK

OTTAWA, June 2.—(CP)—The spokesman for a bastion of freedom in the Pacific, Prime Minister John Curtin of Australia, said in an address yesterday that he looked beyond the war to continued collaboration of the British Commonwealth, the United States, Russia and China in maintaining peace.

Speaking without notes and sometimes with striking gestures, Mr. Curtin stood in the Green Chamber of the Canadian Commons and declared himself the spokesman of the common man in asking that the light of reason rather than the sword be the instrument of government.

A labor man, he spoke with sadness of vast armies being taken from useful production to fight other vast armies, leaving their people at home to bear double burdens.

## MUST BE DESTROYED

## FIGHT FOR FREEDOM

Mr. Curtin said Australians had gone into the war because they knew that in fighting for world freedom and in defence of Britain they were in fact fighting for the defence of their own country.

The worst evil which could come to the world was that millions of people useful in production had to be set apart in armies to fight other armies.

"Upon the great nations, then, surely there falls the responsibility of making it clear that that association which war has meant for us, meant for Russia, meant for the United States, meant for the British Commonwealth, these three great powers, together with China. These four who have subscribed themselves to the charter, means that their great resources involve also high responsibilities," said Mr. Curtin.

## PREVENT NEW WARS

"What is their major responsibility? Just as they could agree and find ways and means to pool their strength to resist a brutal foe who threatened their homes, their liberties and the sovereignty of their people in their own affairs, so surely this strength, so prodigious in the present service of freedom, is a strength which can be maintained and made use of in order to prevent a recurrence of calamities such as Hitler and his Axis collaborators have forced upon an unwilling and indeed victimized world."

Mr. Curtin said there could not be treaties, covenants or agreements between nations unless the high contracting parties kept their undertakings.

It was not easy to arrive at such agreements, treaties and covenants because of differences of opinion in various countries. But when unity was reached it had to be maintained because the social state, the dignity and decency of the common man rested on the sanctity of contracts.

Poland had been invaded "wantonly," and by this Germany had violated the purposes and spirit of the British acceptance of the Munich agreement. Peace was destroyed by that act.

Once brutality and violence were allowed rampant in one place they could not be controlled in another, said Mr. Curtin.

The fast that the just of intelligents was not clear at the start was an important factor because "opportunism is one of the arts of war."

Germany's long preparation not only gave her initial advantage, but the sheer momentum of the offensive enabled her to move successfully in several directions until almost all Europe was under direct or indirect German domination and the flag of Hitler flew where once had flown the flags of those who advocated right and progress.

The early success of continental Europe gave Germany such advantages that the scene of battle flowed into the Atlantic bringing desperate efforts to cut supply lines and isolate Britain while the German air power rained devastating blows on London.

Mr. Curtin said tribute must be paid to the people of Great Britain, and his audience applauded.

## Can't Tell Them Apart

—Canadian Army Overseas Photo.

The only way to distinguish the Canadian from the American, in this combined force, is to ask: Lieut. J. Kestel, Calgary, Alta., left and Lieut. H. C. Wilson, Olympia, Wash., U.S.A., are two of the officers.

Many a now in this place pay tribute to the Canadian fighting men? Canada had increased her general contribution to the war effort. Air, military and naval assistance had been given to the British.

"For if the heart should be entirely destroyed, how could the never limbs survive?" asked Mr. Curtin as he spoke of the dominions and to Britain's side.

The dominions' fighting men had gone to war because they knew they were fighting for the freedom of their own country.

With Australia, as with Canada and common sense counted also in the dominions standing with Britain.

TURNED ON RUSSIA  
Hitler had feared Russia and had turned against her.

Mr. Curtin said more could be done than appreciate what Russia had done, and he wished to see the dominions stand with Britain.

Japan, the third partner in the Axis, had struck like an assassin in the night. President Roosevelt's appeal for peace to the Emperor of Japan had been answered by the emperor with bombs on Pearl Harbor and Singapore.

Earlier in the war Britain and Australia had a closer call, continued Mr. Curtin.

The margin between victory and defeat wasn't sufficient for comfort for the governments of either country. But the margin was on the right side and strength came.

The battle of the Atlantic changed. U-boats, instead of hunting, were being hunted, and so in the Pacific Japanese naval and air power was on the defensive.

The United Nations were on the defensive early in the war.

EVERY DRIVEN BACK  
At one time the enemy held all strategic points, "but today he is being driven back towards Berlin and toward Tokyo in the Pacific."

This could not have been done without imposing on all civilians the burdens of war.

Materials, skill and labor had to be devoted to war purposes leaving only sufficient civilian supplies for a minimum scale of living.

In both Australia and Canada taxes had soared to new heights.

"But no burden of those who work in the factory, field or industry is comparable to the burden being imposed on our fighting men," he said.

Mr. Curtin spoke of the significance of the British parliamentary system in which the opposition had a vital place and minorities were respected.

The strength which this parliamentary system gave the dominions extended to the Commonwealth itself with prime ministers meeting

not as leaders of parties but as heads of governments presenting the views of their people. The principle extended to such meetings as those in which President Roosevelt, Prime Minister Churchill and Marshal Stalin participated in an effort to help the world rather than advance a political doctrine.

The great nations had been clear that association in war meant to them, Mr. Curtin continued.

PLEADS FOR CITIZENS  
"I plead for the average citizen," said Mr. Curtin.

His plea was for the women of 40 with sons and daughters of from 12 to 18 for small shopkeepers and the next generation, and "for my own grandchildren, if there be any."

Mr. Curtin concluded by saying that he wished to express his thanks "for the great honor you have done me."

After he concluded Hon. Thomas V. Bennett, speaker, expressed appreciation in Mr. Curtin in French. "Canada has been in the war the link joining the old world and the new," he said.

Speaker Glenn also thanked Mr. Curtin for his address.

"We wish you a safe return to your native land and we hope that the time is not far distant when we shall meet again in the happier days when this war shall cease," said Mr. Glenn.

"Toward that and your country has made an enormous contribution and when you speak to your people let them know that I have declared: Well done, Australia."

When the speakers completed their speeches, Mr. King called for the singing of God Save the King. This was followed by three cheers for Mr. Curtin.

## Abbott Gives House Report On Subsidies

OTTAWA, June 2.—(CP)—A breakdown of an anticipated expenditure of \$140,000,000 in subsidies, trading losses and administrative expenses for the price stability corporation, a unit of the prices board, in the fiscal year 1944-45 was given the Commons yesterday by Douglas Abbott, parliamentary assistant to Finance Minister Liley.

The total showed an increase of \$20,000,000 over the appropriation for 1944-45.

Domestic subsidies were expected to total \$53,000,000 and import subsidies \$82,000,000. Estimated trading losses, involved in the purchase of necessities for Canada by the corporation, were \$20,000,000. A provision of \$20,000,000 for food corporation, another board unit, were made along with \$1,500,000 for administrative expenses.

Other expected subsidy expenses were: Fruits and vegetables, \$4,500,000; footwear, discount on leather, \$1,000,000; furniture, \$20,000; groceries, \$10,000; meat, \$10,000; ment leather, \$50,000; jams and jellies, \$1,000,000; lumber, \$2,000,000; meat products, \$10,000; oil, \$10,000; transportation, \$10,000; fats, \$5,000,000; fuel, \$10,000,000; woodware and wooden containers, \$3,000,000 and miscellaneous, \$2,500,000.

No breakdown of the anticipated trading subsidies of \$62,000,000 was given.

LOSSES ARE TAKEN  
Mr. Abbott said the stability corporation imported certain commodities in bulk and sometimes took trading losses in order that they might be sold to the consumer at ceiling prices.

Estimated 1944-45 trading losses were: Industrial alcohol, \$2,500,000; citrus juices, \$700,000; beans, \$500,000; coffee, \$1,000,000; cotton yarns and fabrics, \$2,000,000; dried fruits, \$5,000,000; and fats, \$10,000,000 and miscellaneous \$3,500,000.

Speech by Curtin  
In House Records

OTTAWA, June 2.—(CP)—The Commons decided yesterday to include in the records of debate the speech made to the Senate and the Commons by Prime Minister John Curtin of Australia. Stanley Knowles (C.C.F.-Winnipeg North Centre) said his party supported the suggestion, and he hoped that the speeches of introduction and thanks would be included in the records. Speaker J. A. Glen said the speeches would be included. Mr. Knowles said he wished to pay Hansard the C.C.F. party's welcome to Mr. Curtin.

## Jottings From Parliament

OTTAWA, June 2.—(CP)—Transport services operated by the R.C.A.F. in Canada have a maintenance cost of \$801,000 and a capital cost of \$1,541,000, it was reported yesterday in a reply for Stanley Knowles (C.C.F.-Winnipeg North Centre). The services are operated for R.C.A.F. use and there is no present intention to continue the operations after the war, the reply said.

A group of 273 refugees brought to Canada from Europe last April were allowed to enter Canada for the duration of the war, but were not given permanent status, the resources department said in reply to a question by Norman Jacques (S.C.-Wetaskin). Of the group 223 were Jewish and 50 were Roman Catholic.

Changes made in national registration records to keep them up-to-date numbered 1,302,314 last year. Labor Minister Mitchell said in reply to a question by M. J. Edwards (L.-Calgary West).

Of the 4,011,023 tons of coal burned in government establishments in the period 1940-43, 2,886,181 tons were mined in Canada. It was reported in a return in reply to a question by Rev. E. G. Hansell (S.C.-Macled). He was also told that in 1914 eight royal commissions have investigated the

Canadian coal industry at a cost of \$50,839.

Minister King recently announced that a commission was to be appointed to make an investigation of the coal industry.

De Gaulle "Terms" For Talks Given

ALGERS, June 2.—(CP)—Official French quarters said here yesterday that Gen. Charles de Gaulle has two considerations in mind in connection with the invitation from Prime Minister Churchill to discuss French problems in London and listed them as follows:

1. He desires an assurance that he will be able to exchange communications freely and confidentially with his government, in spite of imposition of censorship of diplomatic correspondence by Britain.

2. He desired that any agreement reached between the United Kingdom and the French government should not be called into question again on the demand of a third power.

Authoritative French quarters said agreements on the administration of liberated France concerned Washington as much as London. It was understood that this viewpoint had been put before the foreign office in London.

LONDON, June 2.—(CP)—It is learned here that the United States will not participate in coming conference between Gen. Charles de Gaulle and British government leaders and the disclosure stirred fresh comment on the French situation in London newspapers today.

1944 Combines  
Is Fast Moving  
Variety Show

A fast moving variety show, the Massey-Harris "Combines of 1944" attracted a crowd of 2,500 people to the Edmonton Arena Thursday night. The show was presented under the auspices of the Rotary club of Edmonton and proceeds will be used for war work.

Highlight of the evening's entertainment was an address by Meta and St. John, sensational acrobatic and novelty dancers. They thrilled the audience with their grace and split second timing, whirling through difficult movements with the ease of polished entertainers.

COMEDIAN PLEASES  
Pat McIntosh, singing comedian, and manager of the show, had the crowd roaring at his versions of "Let the Rest of the World Go By" and "Pistol Packin' Mammy." A new twist was given to the latter by Mrs. Carvel Wells, who with her explorer husband captured the bird in Malaya. Raffles, who is pictured in Chicago, where it is entertaining wounded service men.

Adopt Girl  
LOS ANGELES, June 2.—(AP)—Mary Pickford, star of the silent screen, and her husband, Charles Buxton, a navy lieutenant, adopted a two-year-old girl, Roxanne, who has been with them since she was six months old. They also have an adopted son, Ronnie, 6.

Each piano contains about 300 pages of material.

INDIAN SPIRIT  
Betty Sperry, girl vocalist provided the musical setting for an Indian number by the Combines, and contributed a colorful number to the program complete with fringed skirts and clack rattles.

Douglas Rideout, baritone soloist sang such old favorites as "The Bird in the Hand," "When the Sun Is Smiling," and "My Little Grey Bird." He was accompanied by the band.

Specialty tap dance numbers were done by Norma Lawrie and Lillian Courtenay, who were also featured with the chorus.

A finale in the Combines did a military feature dance dressed in costumes to represent the army, navy and air force.

## McCoy Health Service

Before beginning to overcome a tendency to a hair-trigger temper it is a good plan to make sure that no physical condition is present which may be causing it. Irritability to a marked degree is often found with prostatic disorders in men and is also associated with high blood pressure. Occasionally the underlying cause of becoming easily annoyed is stomach trouble or indigestion. The close relationship between an upset stomach and a cranky tendency has often been noted.

In some cases a patient needs a connection between the change in his disposition and his state of health. It is usually not realized that if his digestion were better his temper would improve.

Another physical cause of irritability is a lack of calcium in the diet. Food authorities are pointing out that most Americans do not get enough calcium in their food and that Americans are well known for their nervous irritability. Plenty of calcium, when used by the body, is known to steady the nerves and to help produce an even-tempered, calm individual.

In experiments children who exhibited such behavior problems that no one could handle them, have straightened out after being supplied with plenty of calcium.

A very common cause of a sensation of mental irritation is a sluggish condition of the large intestine. When wastes are kept in the body too long, poisons are absorbed which affect the way one feels. You all know that you have a much better outlook on life when the intestinal action is regular and that you feel perky when the elimination is sluggish.

I would suggest that you check over the above causes to see if one of them could be stealing away your natural good temper. A human being who is well fed, thoroughly rested, and has good mental habits it is just as hard to lose his temper as an easily irritated person finds it to keep his.

Along with the action treatment you are also to begin to use a physiological treatment as follows: you are to stop whatever you are doing and are to fix your mind on a totally different idea. Pick out one of the following ideas and say it over to yourself: "I wonder what made that person treat me like that? Maybe he has had some bad luck which upset him." "Something must be bothering him, he has always been a good friend of mine." Or "That is just a small affair and I won't let it bother me."

If you overlook those trivial troubles. "This reminds me of a book salesman who never got mad when cross housewives slammed the door in his face or set the dog on him. Just as soon as he is thrown he would think, 'Oh, well, maybe the lady is in a bad mood. I'll just go home and have a high chair or maybe she burned the dinner.' By using a good mental treatment on yourself you will find that people and events lose their power to make you angry. Preserve and the time will come when you have an even temper that cannot be ruffled. All of the energy which you once wasted on angry outbursts will then be available for use in pushing ahead up the ladder of success.

In learning to overcome shortness of temper it is a good plan to examine any criticism or hear of yourself to see if any part of it is truthful. If it is based on truth, you have found something to change to improve yourself: if it is false, then it did no harm.

All questions regarding health and diet will be answered. Large stamped, self-addressed envelope must be enclosed with your letter of paper only. Letters must not exceed 100 words. Send to McCoy Health Service, The McCoy Building, 1131 West 6th Street, Los Angeles, Calif.

Jewish Service  
Unit Is Doing  
Valuable Work

With a membership of more than 200,000 in Canada and the United States, the B'nai B'rith, largest Jewish service organization in the world, had furnished 80 soldiers and day rooms in training camps in America and Canada and since the outbreak of the war has set itself a very large program for the soldiers and the home front. Harry A. Frankel, Peoria, Ill., president of the organization told members of the Edmonton branch at a dinner meeting held Thursday evening at the Macdonald hotel.

He said that in America members had contributed \$750,000 to the Red Cross and other war relief agencies, while contributions to the Canadian Red Cross and war service organization by Canadian members had been very substantial.

SOLARIUMS FURNISHED  
In addition to the contributions made to the Red Cross, the organization had furnished 80 soldiers and day rooms in camps in America and Canada, and equipped 27 military hospitals with such furnishings as centrally controlled radio systems and other facilities. Twenty soldiers were furnished in hospitals.

Members of the organization throughout America had sold more than \$425,000,000 worth of Victory Bonds in the past two years, he stated.

They had supplied 460 fighting men with recreational equipment and libraries.

He told his audience that recently the organization had received the home of President Roosevelt to be used as an inter-faith house of religion for Catholic, Protestant and Jew. This building is now known as the Sarah Delaney Roosevelt Memorial House.

Reviewing the history of the organization he said it was founded at New York on October 13, 1843, and celebrated its 100th anniversary last year. Its purpose is to promote brotherly love, benevolence and harmony, and has taken upon itself the mission of uniting peoples in the work of promoting humanity, philanthropy and patriotism.

Brief Endorses  
Publicly-Owned  
National Radio

OTTAWA, June 2.—(CP)—Support for the principle of publicly-owned national radio as being "fundamentally sound" was given in a brief presented to the Commons radio committee yesterday.

The brief was presented by H. H. Hannam, president of the Canadian Federation of Agriculture, Dr. W. H. Britton of Macdonald College, McGill university and vice-president of the Canadian Institute for Adult Education, supported the brief by reading a letter from Dr. Sidney Smith, president of the University of Manitoba, and president of the Canadian Institute for Adult Education.

The brief said that radio reaches intimately into the lives and thoughts of the people and "must therefore be treated as a public utility, responsible through parliament to the people and not left in the hands of any group of interests or individuals."

Gives Up Post  
OTTAWA, June 2.—(CP)—Hon. H. H. Stevens of Vancouver who came to Ottawa at the opening of the present session as director of research for the Conservative members of parliament, will discontinue those duties on June 15 and return to his private business in Vancouver. It was learned here yesterday.

## Japs Lose Heavily

### Kill or Be Killed Policy Pays Off in Jungle War

OTTAWA, June 2.—(CP)—Gen. Sir Thomas Blamey, chief of the Australian staff and Gen. Douglas MacArthur's deputy, in an interview yesterday said "our Australian and American soldiers are infinitely superior to the Japs in jungle fighting."

"The Japanese had studied jungle fighting and were better at it in the beginning, but we trained our men, infusing into them the right psychology—it is to kill or be killed—and now we will three or four Japs to every man of our bayonet."

"Because of their willingness to die, the Japanese are formidable. The Japs have been taught the German theory of attack, but their staff system is not nearly as efficient as the western one and their individual use of their weapons is inferior."

LOSING MANY MEN  
The Japs are not as good fighters as the Germans and they are losing many, many men from tropical diseases. We Australians and Americans have had great success in keeping the malaria rate down."

He would make no prophecy as to when the war in the Pacific would end but said this would not be until the Japan proper was invaded.

Canada has already sent a group of officers to serve in Gen. Blamey's command and they will study jungle and amphibious warfare, possibly with a view to preparing for the arrival of 100,000 Canadian contingents after the war in Europe has ended.

It was recalled that Canada sent similar groups of officers to the Middle East theatre several months before Canadian forces became actively engaged in that area.

DISCUSSED BY CABINET  
It is believed here that the role of Canadian Armed Forces in the Pacific was one of the subjects discussed at Wednesday's war cabinet meeting attended by Prime Minister Curtin of Australia. Gen. Blamey is understood to have attended a meeting of service chiefs and possibly the same subject was discussed there.

### What Will Gandhi Do Now Is Big Question in India

By RELMAN MORIN

AT GANDHI'S REST HOME, India, June 2.—(AP)—The biggest question in India today, and one which contains enormous potentialities for the whole course of the war in the Pacific, is: What will Gandhi do now?

Obviously, Gandhi himself is the person to answer it, but so far he has given no indication of his plans.

He was released from detention some weeks because of his illness, and he is still very ill. The person closest to him insists that he is not even thinking about politics.

ONE VITAL FACTOR  
Schools that will teach Physics 1 to students who already have taken the former course in Science 1 introduced in the fall of 1943 will be discontinued, and students in Science 1 or Science 2 will be required to do so.

Students entering Grade X will be permitted to take the same courses as are available to those entering with an "A" or "B" standing, except that they may not take during the first year the first unit in a foreign language.

COURSE DROPPED  
While the Science 1 course of last year has been dropped, the department will require that all students who qualify for the high school diploma at midsummer, 1944 or in any year after, hold credits for at least one course in high school science.

All high school students who began in Grade X last year and those beginning in Grade X this year, may complete the program for high school graduation in three years.

Hereafter, pupils in high schools rooms in which not more than two high school credits are taught, may be granted as many as 35 credits for one year work.

Aussies at Guru  
In Drive Along  
New Guinea Coast  
ADVANCED ALLIED HEADQUARTERS, New Guinea, June 2.—(CP)—Australian forces pressing through difficult jungle country along the British New Guinea coast have reached Guru, 40 miles southeast of Ilima Bay, where American troops and Australian air force ground crews landed in April, headquarters announced today.

The Australians have been advancing northwest along the coast from Milne Bay, which they captured a month ago.

Headquarters said reinforcements were being poured onto Ilima Bay from that island, with bombing range of the Philippines.

PRIVATE BREGER ABROAD  
OTTAWA, June 2.—(CP)—Body of Mrs. Cecile Mathison, 36-year-old wife of Wing Cmdr. George Mathison of Edmonton, stationed here with the R.C.A.F., was recovered from the Ottawa river at nearby Westboro late yesterday.

Wing Cmdr. Mathison reported in police May 13 that his wife had disappeared from their cottage at the summer colony of Jubilee resort, near Aymer, Que. Since then police and R.C.A.F. personnel had searched the river in the vicinity of the cottage.

In addition to her husband, Mrs. Mathison is survived by a four-year-old son, Billy. Coroner J. S. Nelson said he will decide today whether an inquest is necessary after an autopsy is performed.

Farm Machinery Output Expected To Equal 1940-41  
OTTAWA, June 2.—(CP)—Doug MacNeil, parliamentary assistant to Finance Minister Fliley, said last night in the Commons that the production of farm implements in 1944 was expected to be equal to that of the 1940-41 season.

Anvering Lignite Locomotives (C.D.N. Laval-Town Mountain), Mr. Abbott said in the 1944-45 season the production is 80 per cent of the 1940-41 average, while in 1942-43 it was only 35 per cent of the 1940-41 average.

Mr. Abbott said restrictions on the imports of parts for farm machinery had been lifted, but the "rationing" of the implements themselves had to be continued because of a shortage of steel and manpower.

Extend Subsidies On Fishing Vessels  
OTTAWA, June 2.—(CP)—Extension of construction subsidies to smaller-type Atlantic fishing vessels was announced in the Commons yesterday by Fisheries Minister Bennett. Provision has also been made for vessel-owners to take advantage of accelerated depreciation.

The subsidy of \$155 per gross ton of draught of 12 feet or more now is to be paid on draughts and long-line vessels from 35 feet upwards built for groups of four or more Atlantic fishermen.

Death Sentence Is Given Barilla  
VANCOUVER, June 2.—(CP)—Albert F. Barilla, 25, was found guilty of murdering Wellington Wallace, 38, by a supreme court jury here yesterday and Chief Justice Wendell F. Harris sentenced him to hang Aug. 12.

Dark-haired, well-dressed Barilla, who had maintained a stoic calm during the two and a half days of his trial, collapsed sobbing in the prisoner's box as sentenced was pronounced.

It is rather hard for me to talk for all along I have known I was not guilty and I expected an acquittal," he remarked when asked if he had anything to say. The jury of nine men and three women reached its verdict after two hours' deliberation. A recommendation for mercy was ignored by Chief Justice Harris.

## Counter-Attacks Made by Soviets

By HARRISON SALISBURY

MOSCOW, June 2.—The Red army counter-attacked vigorously north of last today in a bid to reclaim the initiative on the Romanian front after destroying 106 tanks and 212 planes in beating off three days of ferocious German assaults.

Though the Axis offensive still was continuing, the Soviets began a series of "successful" counter-attacks yesterday, a supplement to the Russian midnight communique issued.

German and Romanian thrusts at the Russian line broke yesterday under the massed fire of Soviet artillery, mortar and machine-gun batteries. Eight hundred enemy troops were killed and 17 tanks and five armored transports knocked out in three full attacks on one sector.

In pre-war Poland, a German infantry battalion attacked the Soviet line with tank support southeast of Stanislavov, but was thrown back after a two-hour battle which repeatedly developed into hand-to-hand fighting.

## Canucks Destroy 2 Nazi Fighters

By FRANK LOWE

LONDON, June 2.—(CP)—Two R.C.A.F. Mosquitoes on offensive patrols last night knocked out two German fighters over France and Germany, it was announced today.

A city of Edmonton squadron pilot, PO. M. Simms of Vancouver, who destroyed a Junkers aircraft over Germany went in so close to destroy his attack that pilot was burned off one of the Mosquito's wings by flames from the victim.

The other aircraft was destroyed over France by a Mosquito flown by Flt. Lt. T. Anderson of Winnipeg.

NEW YORK, June 2.—In the quick-changing world of war-time sports, boxing entered a new phase this week—a period in which welterweights (147-pounders) replace lightweight (135-pounders) as the golden boys of the fight game.

In normal times, heavyweight like Louis, Billy Conn, commanded the headlines and important money, with the lightweight usually occupying second rung in the cauliflower standings. But ever since Louis, Conn and most of the prominent heavies entered service, the lightweight has ruled the world of wallop.

Beau Jack, the battle royal brawler from Augusta, Ga., and that other "Gold Dust" Twin—Champion Bob Montgomery—have entered service. Montgomery is recognized as king of the 135-pounders in New York and associated states. At the same time, Juan Zorrilla of Mexico City, the N.R.A. champion, eliminated himself from competition for a couple of months by accidentally shooting himself in the hand.

**WELTER FIGHT TONIGHT**  
MEANVILLE, with a perfect sense of timing, the fight late arranged for the welter to take over. The welterweight keynote is sounded at Madison Square Garden where, tonight, two crack New Jersey writers—Tippy Larkin and Freddie Archer—see off in the 10-round main event.

Sending the era of 147-pounders, two previously prominent lightweight announced that they were joining the welter "because of weight-making difficulties." They are Stamlin's Sammy Angott, former lightweight champion, and Johnny Greco of Montreal, a contender who recently was discharged from the Canadian army. Coincidentally, it was learned that Marcel Cerdan of Algiers, outstanding foreign boxer, also will invade this country.

## By Robt. Ripley Rates Dick, Rowe Best Trainers

# Marshall Lilly Is Credited Developing Most Great Horses

By HARRY GRAYSON

NEW YORK, June 2.—Marshall Lilly is credited with being responsible for more great horses than any other man on the American turf. Lilly, dapper little Negro who is the assistant trainer of the famous Greentree Stable, broke in as a kid rider in Lexington farther back than he cares to remember.

The fact that he had a hand in the development of such great horses as *Secretariat*, *Assault*, *Plaudit*, *Kennerly*, *Derby*, *Winners of 1896* and '98, gives you a rough idea of how long he has been around race tracks.

Lilly broke in under Ed Brown, the only Negro trainer to win the Derby. Brown, who was known as "Baden" in the third edition of the Run for the Roses in 1877. Lilly considers Brown Dick and the original James Rowe the best trainers with whom he ever came in contact.

"Having served under them for years," he smiles, "I can't have learned anything more about horses and I graduated from Harvard and Yale."

Lilly recalls Brown Dick selling him to the Dwyer brothers, and then Brown was worth it, he says. Brown Dick sold Plaudit to the renowned breeder, J. E. Madden, in the fall of the colts' 2-year-old year.

"That would be \$25,000," says Brown Dick, "but I was too young to know it." When Lilly landed with the rider Rowe, then banding the brilliant string of James R. Keene, only the little colored lad worked the immortal *Synbid*.

"He was that man," relates Lilly, who is the racing man's way of explaining that a horse is difficult to ride. Lilly worked unbeaten Colin, Peter Pan, Balot, Cuda, Marbler, Delhi, Commander, Tommy Atkins and Captain Bell, which bagged the English Oaks.

**ROCK BEST IN MORNING**  
Lilly never rode as well in the afternoon as he did in the morning. As a trial jockey he was considered the finest judge of pace in the business, but in a race he admits he was too reticent to something.

When Lilly landed with the rider Rowe, then banding the brilliant string of James R. Keene, only the little colored lad worked the immortal *Synbid*. "He was that man," relates Lilly, who is the racing man's way of explaining that a horse is difficult to ride. Lilly worked unbeaten Colin, Peter Pan, Balot, Cuda, Marbler, Delhi, Commander, Tommy Atkins and Captain Bell, which bagged the English Oaks.

Lilly went to England with Andrew Jackson Joyce in 1910, but returned in time to have a hand in Whisk Broom II's world record for a mile and a quarter—2:00, established at Belmont Park in 1913. Whisk Broom II's time is disputed.

## Refuses \$25,000 For Shepperton

TORONTO, June 2.—(C.P.)—Fred Scheike, Toronto racing man, has refused an offer of \$25,000 for Shepperton, outstanding Canadian thoroughbred. It was made known Wednesday night. The offer for the five-year-old son of Sun Ray and Chastewater came from a New York racing stable with Nick Hinesky of the C. T. Leavitt stable acting as intermediary.

It was not known what New York stable was involved although rumor at Woodbine Park in Toronto linked it with the name of Mrs. G. Poulsen, owner of Broadbent, which finished second in this year's Kentucky Derby.

With Rowe in charge of the Harry Payne Whitney horses, Lilly is credited with bringing out such as *Borrow*, *Tramman*, *Victoria*, *Walchone*, *Boojum* and *Equipoise*.

With Greentree, he has worked Twenty Grand, Third Degree, Hash and more recently Shut Out, Devil Diver and Stir Up.

In their 3-year-old year, Lilly continued that Devil Diver stood up superior to Shut Out. Perhaps that is where Eddie Aracaro got the idea. Anyhow, Devil Diver stood up. He is the finest handbred horse of the day.

Marshall Lilly knows a horse when he sees one.

# Rip Sewell Wins Seventh As Pirates Beat Brooklyn

BROOKLYN, June 2.—(AP)—Home runs by Babe Dahlgren and Johnny Barrett carried Rip Sewell and the Pittsburgh Pirates to a 5-1 decision over the Brooklyn Dodgers Thursday. It was the seventh victory of the National League season for Sewell.

Curt Davis gave up only four hits, shortstop Frank Zak getting the remaining pair. Davis was lifted for a pinch hitter in the eighth and Bob Chipman belted the hilliest ninth.

Dixie Walker was stopped by Sewell after connecting safely in 18 straight games.

## District News in Brief

### Red Deer Lodges Gain in Meetings

**REDEER**—Members of the Red Deer, I.O.O.F., and Alberta Rebekah Lodge No. 77, joined in celebrating the 125th anniversary of the establishment of Confederation in America by attending the evening services at St. Luke's Anglican Church. There was a splendid attendance. Including members from lodges at Bowden and Jernholm. The members were entertained from their lodge rooms at the Elks Hall to the church and back. The Rev. George W. Lang, the rector, presided. After the service members of the lodges enjoyed a social concert in the lodge rooms, and lunch was served.

The cattle men of the district, A. D. Dwyer, John Dwyer and J. E. C. Clifford, shipped three cars of cattle to Vancouver, Mackenzie Bros. of Lacombe were the buyers.

The monthly meeting of the Alberta Natural History Society held in the public library took the form of a round-table discussion instead of having a speaker. President Kerry Wood was in the chair, supported by the secretary, E. H. Wells. Tom Hovender, of the Y.M.C.A., at A20 C.A.S.C. Training Centre here, was a guest.

A letter was read from Miss Nina P. Cline, a member who is at present at Willington. She related a story which had been told to her by her teacher, Miss Anna Dabbs near Fawcett, of a furious battle between cranes and geese.

The group decided to write a letter to the government, to the effect that geese wishes to Mr. and Mrs. R. A. Cline, former members of the society, now living at Balfour, B.C. members will bring specimens of wild flowers to the June meeting and they will be named by the society's flower expert.

LAC, Dickenson, of No. 36 Service Flying Training School, at RCAF Penhold, was the winner of the 2nd of golf clubs donated by Mrs. Thomas Smith. The club was owned by Capt. Kenneth Smith, Calgary Tanks, who was killed in war in Germany. Proceeds of ticket sales amount to \$825 and will be turned over to the local branch of the Red Cross. Mayor George W. Haggan made the draw on Tuesday.

### Hold Call Show At Lloydminster

**LLOYDMINSTER**—The Murray, Kilscoy and Albion-Tangle flags junior club clubs held a combined sale and show of their best calves at Lloydminster exhibition grounds on Sunday. The show was open to boys and girls and displayed the results of their efforts in stock raising. The judges of the day, Prof. E. R. Brook, of the University of Saskatchewan, and Mr. J. H. McNeuchey and C. W. Britton of Vegreville, stated the show was a display of much higher quality and condition than usually found in call shows.

On the same day A. T. Hines of Hazelton displayed a 1,600 pound Hereford calf to the Lloydminster Exhibition Association, to be sold at auction for was \$318. A. Michell purchased it for \$318. This will be easily equalled by the late Red Cross, Kimmick Milk-Red-Britain fund, Elks save Unkissed, and Lloydminster comfort fund.

## Plan Campaign For Expansion Of Coal Market

**DRUMHELLER**, June 2—(CP)—A campaign to expand the coal market for Canadian coal has been organized at a meeting of representatives of Alberta boards of trade and other interested groups to be held in Calgary, June 28.

First steps in the campaign were taken yesterday at a conference of delegates from Alberta boards of trade, the United Mine Workers of America, local operators and others interested in the industry.

E. R. Roach, chairman of the Drumhellers Board of Trade Coal Committee, was appointed to arrange the Calgary meeting with the assistance of V. A. Cooney, manager of the Calgary Board of Trade Coal Operators, Ltd.

**PLAN COMMITTEE**—Formation of the nucleus of a national coal policy committee is expected to be the outcome of the Calgary meeting on the basis of proposals outlined here by the Drumhellers committee sponsoring the proposal.

Full co-operation of the Calgary Board of Trade was offered by its delegates, Eric McGee, secretary, E. S. Smith, president of the Western Canada Fuel Association, and Clement Stubbs, secretary of the Western Canadian Coal Operators Association. Mr. Stubbs and Mr. Smith also offered the co-operation of their organizations.

Twenty-five delegates attended the Calgary meeting, representing the Calgary, Red Deer, Lethbridge, and Edmonton boards of trade, the U.M.W.A., railwaymen, and other interested organizations.

The delegates discussed the need for a national coal policy committee to coordinate the efforts of the various coal interests in Canada.

The delegates also discussed the need for a national coal policy committee to coordinate the efforts of the various coal interests in Canada.

## C.C.F. "Dictation" To Farmers Seen

**REGINA**, June 2—(CP)—Federal Agriculture Minister Gardiner said in a Saskatchewan general election campaign address last night that the C.C.F. plans to set up planning boards that would dictate to farmers everything that should be grown in the way of crops and livestock. The Liberal government had already believed farmers should be allowed to run their own affairs and come to the government only for advice and assistance, he added.

Mr. Gardiner spoke in support of B. J. Macdonald, M.L.A., and C. R. Davidson, Regina Liberal candidate.

Mr. Gardiner said the Liberal government has always maintained that the best way to develop agricultural resources was to let the farmers handle their own affairs.

The agriculture minister said planning and purchasing boards would rob farmers of their initiative.

Mr. Gardiner said the Liberal government has

## Coal Output Down Sharply Edmonton Area

Coal mined in the Edmonton area in April, 1944, was only one-third of the amount mined in the area in April of last year, according to figures released by John Crawford, chief inspector of mines. This year, 9,915 tons were mined in the month, while in 1943 there were 27,200 tons.

In the January-April period, production here dropped 55,800 tons from the comparative period in 1943. This April, 137,288 tons were mined in the four months.

Total provincial production to the end of April totalled 2,383,327 tons, compared to 2,690,032 tons mined last year.

Provincial total for April was 490,830 tons, somewhat below the 566,335 tons mined in April, 1943.

The April production figure made up as follows: Edmonton 9,915 tons; Domestic field, 130,300 tons; sub-bituminous field, 53,117 tons; and bituminous field, 302,412 tons.

The barometer, a chart that grows in size, once was thought to be half animal and half plant.

## Bailing Out in Murky Weather Proves to be "Touchy" Experience

Bailing out over enemy-held territory is bad, but weather conditions can sometimes make the experience just about as touchy over the homeland itself.

At least that's the view held by Pilot Officer William A. Bellman, Edmonton-born son of Mrs. L. Bellman of 961 104 Avenue, who described bailing out over Britain when heavy fog blotted out all landing fields in a letter to his mother and brother Paul Bellman, also of this city.

An airgunner on an RCAF heavy bomber, P.O. Bellman was recently promoted to a commissioned rank. He has completed one full tour of operations and is starting a second.

A former hockey star with the Regina Pats, Bellman attended Queen's Avenue, McCauley and Victoria high schools before joining the air force in 1942.

## GIVES DESCRIPTION

Describing his initiation to the Caterpillar club, P.O. Bellman wrote:

"We went on an operational trip a few days ago and it's one I'll never forget. We came back from the raid and as weather would not permit landing, we were forced to land in a place where we were diverted to another. It was just as bad here although we were able to land. It was a very touchy experience and it took 20 minutes' supply of petrol left."

## Phone Pioneers Name Edmonton "Man President"

The eighth annual general assembly of Alberta Chapter No. 46, Telephone Pioneers of America, was held in the Club Cafe, Calgary, May 25. Walter B. Ferguson, retiring president, was in the chair. Fifty active and life members were present from Calgary, Red Deer, Edmonton, Lethbridge, High River, Macleod, Glenshire, Three Hills and Cardston.

The telephone pioneers' organization embraces all states of the U.S.A. and practically all provinces in Canada, with a total membership of 79,000, there being about 5,000 pioneers in the Dominion. Membership in the organization is confined to those having complete use of their hearing.

The business portion of the meeting was presided by Ferguson, who was followed by a number of reports. Entertainment was provided by the local chapter, which was directed by Peter Kirkpatrick with H. Williams as accompanist.

## REVIEW ACTIVITIES

The president in his address outlined the activities of Alberta Chapter during the last year, pointing out that in being a telephone pioneer one has to appreciate the value of the telephone. He also pointed out the importance of membership in the association of people so long in the telephone industry.

Reports were given by H. A. Spaulding of Edmonton group and Arthur Reid of Calgary.

## Two Fire Alarms

City firemen responded to two alarms Thursday. No damage was reported in either case. The first call, at 3:19 p.m., was to a house in the 100 block of 10th Avenue. The second, at the year of the Blowey-Henry building, was in a rubbish pile.

## Police Probe Thefts From Parked Autos

Numerous reports of theft from parked automobiles kept city police officers busy Friday morning. Also reported was the theft of a canoe from a motor launch and the breaking into of a railroad car containing fruit and vegetables.

A grey woolen blanket and a man's raincoat disappeared from his car as it was parked near 1024 Avenue and 101 Street, between 8:15 and 8:45 a.m. Thursday, Steve Radomski, 101 Street, called police.

## JACKET TAKEN

From a truck owned by Cliff Robinson, 10244 108 Street, which had been left at 104 Avenue and 102 Street between 11:55 a.m. and 12:30 p.m. Thursday, a brown leather jacket was taken. A similar article disappeared from a truck owned by Walter Niles, York Street, during the afternoon. The latter vehicle was parked near the Leland hotel at the time.

## Alfred Russell, city clerk, who left Friday morning for a three-week holiday trip to the Pacific coast. During his absence George S. Docherty will be acting city clerk.

## Convict Selective Service Official

Found guilty in supreme court Friday by Mr. Justice W. R. Howson on a charge of accepting consideration given him with the purpose of influencing him in his duties, G. Winkler, a National Selective Service employee, was sentenced to serve four months in Fort Saskatchewan jail.

The second permit to a friend, J. J. Frawley K.C., agent for the attorney-general, and G. A. O'Connor K.C., and W. Stanley Ross, special representatives for the Dominion department of justice, prosecuted. Neil D. Maclean K.C. defended the accused.

## CANCE MISSING

Thomas D. Lancelotti, 10006 104 Street, told police that his canoe had been taken from his motor launch club within the last few days. He is a resident of 10006 104 Street, which is a green and contained two paddles.

Several youths were seen running away from the launch by trainmen, about 3:10 a.m. Friday, city police were notified by Constable George S. Falconer, Canadian National Railway, who reported that a car containing fruit and vegetables located at the rear of Scott Fruit Company, had been broken into during the night.

## The Inquiring Reporter

What do you think could be done to help reduce and curtail the annual losses which result from forest fires?

THE ANSWERS:

CPL. R. BERNARD ALLEN, visiting airman: Ignorance is the greatest cause and then carelessness. I have seen many fires started through loose cigarettes and feel that education against forest fires should be intensified so that every resident of Canada—English speaking or otherwise—is thoroughly aware of the problem and actively enlisted in the fight against forest fires.

## MRS. D. M. MACGREGOR, housewife, says many forest fires caused by ignorant persons, who clear their land of brush without taking proper precautions. She should be the duty of all Canadian citizens to guard against this, and to report offences they witness. Such offences should carry severe penalties.

## CPL. EDWARD J. KUBITSCHKE, "I think one of the reasons for forest fires is the carelessness of drivers who throw burning cigarettes out of their vehicles while driving through forest land. I suppose the best way of curbing that would be to conduct an intense safety campaign to instruct drivers to be more careful and to make them very much aware of how one little cigarette can cause so much destruction and loss."

## Phonics Revenue Reveals Increase

Revenue from the city telephone system for the period Jan. 1 to May 29, 1944 amounted to \$1,747,277.75, compared with \$1,705,413 for the same period of 1943, an increase of \$41,864.75, according to a statement filed with the city commissioners by Robert Christie, superintendent.

On May 29 this year there were 24,100 telephones in service of which 14,229 were in homes and 9,866 in business houses and offices. On the same day last year there were 23,200 telephones in use of which 13,686 were in residences and 9,514 in business places.

## Free-for-All Fights Ends in Arrest of Man

A "free-for-all" fight, which was said by city police to have started about 9 p.m. Thursday in a house and ended in a fight, which attracted a large crowd of spectators, many of whom soon found themselves involved, resulted in the arrest of Robert Geary, 1015 10th Street, on a charge of assault.

Several police officers responded to the call to find Geary fighting with a man who gave him the name of Rickie Henderson, 9613 103 Avenue, and, at the same time, saw a third man, Ted Truchanek, 10246 96 St., with a cut lip. The police called Geary after calling him names, struck him on the mouth.

The fight between Geary and Henderson, both colored, was started to have started in the home of the man who had been continued in the lane, where it attracted the spectators.

Truchanek, stating he had been attracted by the noise, went over to see what it was about. Almost immediately, he observed that Geary had hit Henderson and then struck him. Truchanek, who is a friend of Miller, K.C., in city police court Friday morning, Geary pleaded guilty to assault and was sentenced to serve 30 days in jail. Miller, K.C., in city police court Friday morning, Geary pleaded guilty to assault and was sentenced to serve 30 days in jail. # More Than 20 Competitors Enter Highland Games

## Highland Games 100-Yard Dash Draws 12 Entries

While there is a good entry in all of the track and field events on the Highland Games program scheduled for Saturday afternoon at the South Side Athletic Grounds, the 100-yard dash promises to be one of the outstanding attractions of the day.

In view of the fact that 12 are competing in the century sprint, it has been necessary to split the entry and run three heats, with four contenders in each.

The first heat, which is the opening event of track and field brings together AC F. J. Harden, No. 3, "M" Depot, LAC Mitchell, No. 36, S.F.T.S., T. St. Robt. L. Burch, U.S.A.A.F. and AC2 McKenzie of No. 2 A.O.S.

In the second heat are LAC West, No. 36 S.F.T.S.; Pfc. Norman Clark, U.S.A.A.F.; AC2 H. R. Blauer, No. 2 "M" Depot, and LAC Flyger, No. 2 A.O.S.

Entries in the third heat are Pfc. Willy C. Carter, U.S.A.A.F.; LAC Clark, No. 2 A.O.S.; Pfc. Leon Scafe, U.S.A.A.F. and AC2 Wilkinson, No. 4 I.T.S.

There are 13 contestants in the 220 yards and this race will also be run in three heats, with a final to decide the ultimate winner.

Ten are entered in the 440 yards, 12 in the half mile and 11 in the mile event.

**Favorites Fail  
To Come Through  
Winnipeg Races**

WINNIPEG, June 2.—(CP)—Favourites didn't fare so well on the fifth day of Winnipeg's 27-day horse-racing meet Thursday.

In only one race, the first, did the odds-on choice romp home in front.

Contributor, nine-year-old chestnut, owned by N. Keith of Calgary, captured the feature race. This made it two straight for the Calgary horse, having won Saturday.

Royal Memory was second and Youville, third.

The daily double, from the heavily-backed stage Lily in the first to Jerry Bid in the second, paid \$88.45.

Doctor Larry and Venusian came out-race, respectively in the

## Interested

Mon. James A. MacKinnon, Dominion minister of trade and commerce, honorary president of the Highland Games Association, who has long shown a hearty interest in the annual games program.

## Added Feature Highland Games

A new feature will be added to the Edmonton Highland Games being held at the South Side Athletic grounds tomorrow afternoon when members of the women's division of the R.C.A.F. take part for the first time.

No. 4 Initial Training School will be represented by six W.D.s, and the North West Staging Route will have the same number taking part.

Three from I.T.S., LAW, Dorothy Pope, LAW, Bell and LAW, Hattie will be competing in two events each. They are all entered in the high jump and 60 yards dash.

LAW, Crossley and LAW, Weis, both of N.W.S.R., are the other contenders in the high jump and LAW, Morton and LAW, Hewitt, also of N.W.S.R., are the other service competitors in the 60 yards dash.

LAW, Fenwick and LAW, Finney, both of N.W.S.R., and LAW, Fitter and LAW, Taverer of I.T.S., will run in the 100 yards dash.

seventh to return the highest Quintile of the meet so far, \$1810.

High price for the day came in the second with Jerry bid paying \$57.00, \$71.00 and \$230.

## International Attractions Will Be Prominent Among Many Widely-Variied Events

With 200 entries already received, Saturday's 17th annual Highland Games to be held at the South Side Athletic Grounds, promises to be one of Edmonton's outstanding athletic events for 1944. Competitors from as far west as Victoria, B.C., have registered their entries, and all parts of this province will be represented.

Cpl. Terchy Peden of the R.C. 41st at Calgary will be a star competitor. He has entered in bicycle races, a sport in which he has gained worldwide fame. Entered with him is Fritz Anderson, also of Calgary.

All athletic events will be restricted to members of the armed forces. Official referee will be P.O. C. C. Jamieson, sports director at No. 4 I.T.S.

Military stations to send entries to date include Station 10, United States Army Air Force; No. 36 S.F.T.S., R.A.F., Penhold, No. 4 I.T.S.; No. 2 A.O.S.; No. 3 "M" Depot, R.C.A.F.; and the United States Army.

Many entries have been received from women athletes of Edmonton, Clipping Bar and nearby points. The piping and dancing competitions have attracted many contestants.

Games will start at 1:30 p.m., with the official opening by Premier Ernest Manning, scheduled to take place at 3 p.m. Staff Inspector Alex Riddell of the Highland Games Association, Chieftain T. H. Campbell, and secretary, Myles will take part in the opening ceremonies.

Sports program for the afternoon is as follows:

## New Type of Torpedo

"Human torpedo" used by the British Navy is shown being lowered over the side of a motor warship. Mannequin by a crew of two. It is driven by electric batteries in the point where the torpedo is launched. Then the crew rides away from the target.

## Destroyer Mascot

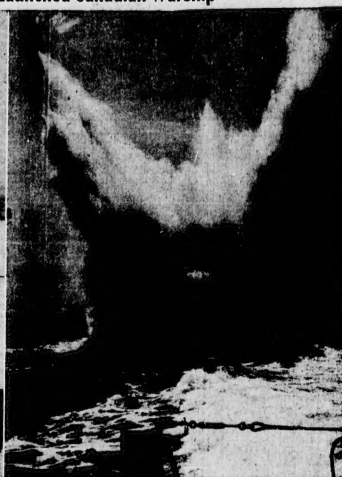

"Chetah" seapony monkey of the Canadian destroyer "Restigouche" was helped with the setup when his ship called at the Azores recently and picked up some bananas. Able Seaman Rae Robinson, R.C.N.V.R., of New Westminster, B.C., found "Chetah" almost as greedy for the fruit as he was for puss's rum, which he consumes with great gusto every day at "Up Spirits."

## Russian Military Officials Take Part in Trial Run of a Newly-Launched Canadian Warship

Col. Nikolai Zabolot, Russian military attache to Ottawa, and Lieut.-Col. P. S. Motinov are shown the twin Oerlikons of H.M.C.S. Thetis by Lieut. R. R. Tilous, R.C.N.V.R., during the ship's trial run.

At the "Y" gun of the new Canadian warship Col. Zabolot and his aide, Lieut.-Col. Motinov, were special guests for the ship's trial run in the St. Lawrence after launching.

Depth charges go up behind the Thetis's stern as the "Y" guns let go. Col. Zabolot and his aide, Lieut.-Col. Motinov, were special guests for the ship's trial run in the St. Lawrence after launching.

## Smoke Generators For Invasion

Smoke generators, produced in Canadian chemical factories, will form an important part of invasion technique to provide cover for advancing infantry. Canada's production schedule for chemicals reached a peak in 1943, and after a slight tapering off,

again spurred forward early this year to meet renewed demand for shells. Above, left, is a stack of smoke generators ready for shipment, and right, Canadian infantrymen charging through a smoke barrage.

## Glamorous Gams

You can't say Janice Hansen of Union City, N.J., hasn't a leg to stand on. She has two so beautiful that she was selected "girl with most beautiful legs" in New York, defeating over 6000 rivals in nationwide contest, winning \$1000 War Bond.

## Ready to Carry Invasion Forces

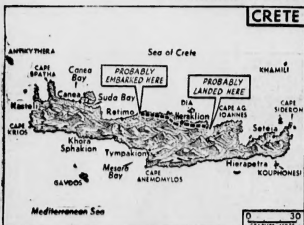

Hundreds of landing craft of various types are shown moored to a wharf somewhere in England, ready to carry the invasion forces to the enemy. They are only a small part of the huge fleet the Allies will use to launch their attack against the Nazis on D-Day.

## Ottawa Greets Soviet Envoy

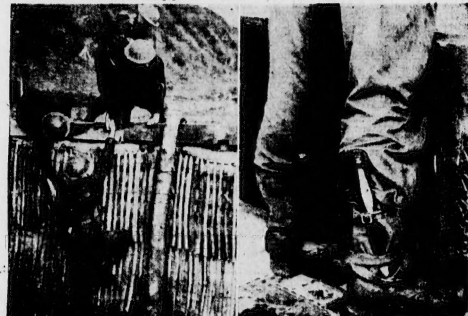

G. N. Zarubin, the new Soviet ambassador to Canada, is shown on his arrival at the Union station in Ottawa being greeted by Norman Robertson, under-secretary of state for external affairs. Mr. Zarubin, accompanied by his wife and their 14-year-old son, Victor, arrived by train after having flown from Moscow to Edmonton. They were also met by F. L. C. Pereira, representing the Governor-General, W. H. Meares, of external affairs, and the entire staff of the Soviet embassy in Ottawa, headed by Gregory Tounkin, charge d'affaires.

## Commandos Landed on Crete and Kidnapped Nazi General

Approximate route of the commandos in their April 26 raid on Crete is shown in this map, with probable spot of landing and debarkation marked on it.

Tough British commandos like these kidnapped Gen. Karl Kreipe, German commander at Crete, on April 26, and took him to Cairo as a prisoner of war.

Slipping silently ashore, the men, most armed with light weapons such as this, commandeered a car, stopped Kreipe's car with a traffic light and captured him.

Gen. Kreipe is shown talking to British officers after his capture.

Taking prisoners without arousing a whole defence sector has been a favorite stunt of the commandos. This group of dejected Nazis is a commando prize.

## News in the Artist World

"Baby Snooks" left, is a grandmother. The daughter of Comedienne Fanny Brice, Mrs. Ray Stark became the mother of an eight-pound son in Hollywood recently. The father, a former Hollywood press agent, is a navy yeoman. Dennis Day, 26, curly-haired tenor, shown with one of the Canadian Army Show girls, who has reported to the U.S. Navy for active duty as a deck officer. Day, whose real name is Eugene Denis McNulty, was sworn in as an ensign.

## Mississippi Miss

Pictured backstage at New York's 400 Restaurant, preparing to make her recent debut as a songstress, is comely Gloria McGhee, she's daughter of Congressman Daniel R. McGhee of Meadville, Miss.

## Powerful "Baby" Submarine

Britain's midget submarine is shown during a recent demonstration. The "midget" carries a crew of three or four men, is between 30 and 35 feet long, has no conning tower and can submerge only 10 or 12 feet.

## Unity Council Asks Starting Day Nurseries

The Council for Canadian Unity at its monthly meeting Wednesday night at the Buxton Institute passed a resolution to be sent to Mayor John W. Fry, the city council and Premier Ernest Manning, urging the immediate implementation of the existing day nursery agreement between the provincial government and the Dominion government.

"Whereas the membership of this council has knowledge of mothers already serving for total victory against Fascism, who are unable to procure adequate or trained supervision for their children, it seems strange that the said agreement has not already been made active so as to protect such women and children and our community; the resolution read in part:

"The resolution stated that if the agreement is not implemented soon, it becomes the responsibility of the city council to fill the need created by the lack of adequate day care for the children of mothers working in industries.

In an annual report by the president, Mrs. William Rowan, the activities of the council for the year were reviewed and appreciation expressed to all those who co-operated in making the work successful.

### WORK FOR FUTURE

"In the belief that understanding creates that unity which is vital to the democracies," Mrs. Rowan said, "the Council for Canadian Unity has provided and will provide in the future, opportunities for integration and for better mutual understanding between our citizens. This work is not outside of our work but it is in the interests of victory and lasting peace. The council aims to become an influence in the solidarity of our community life and in Edmonton's cultural life generally."

The program at the meeting was on the subject of "Education: The National Film Board's 'Before We Are Six'." was shown, with Mrs. A. G. McCalla of the Council of Social Agencies giving the commentary. She emphasized the growing need for nursery schools in Edmonton.

### ON EDUCATION

Hugh C. Gourlay spoke briefly on adult education in Edmonton.

It was decided to hold the election of officers nominated both by the committee and the meeting for the June meeting of the council. Mrs. Rowan presided as chairman.

## Garbo May Make Picture in B.C.

VANCOUVER, June 2.—(CP)—Greta Garbo, famous Swedish film star, may come to British Columbia this summer to make a picture based on the exploits of the Norwegian merchant marine, Hercules Werne. Norwegian consul here, announced last night, "The Commandos Strike at Dawn," an earlier film on the Norwegian war effort, was produced on Vancouver Island.

## Premier Mackenzie King With "Monty" and Crerar

Prime Minister King is shown during his recent trip to Britain for the Commonwealth conference with the two generals who will be directing the Canadian Army.

In the invasion of Europe. At left is Gen. Sir Bernard Montgomery, commander of all British and Canadian land forces, and at right, Lieut-Gen. H. D. G. Crerar, commanding officer of the 1st Canadian Army.

## Before the Magistrate

"We have had a lot of trouble out there," Magistrate Harold L. Howe K.C. told Roy Hirt, Edmonton, concerning the charge against him of driving at a faster speed than indicated by highway signs in West Jasper Place.

"I didn't see any signs," said Hirt. "It was broad daylight," contended R.C.M.P., adding that the accused had been paced at 37 miles an hour.

The accused was fined \$10 or 14 days.

Fast driving earned penalties for D. C. Guthrie, Edmonton, who pleaded guilty to driving at 43 miles an hour at Spruce Grove, and who was fined \$10 or 14 days; for Percy C. Colbourn, who pleaded guilty to driving at 50 miles an hour near Leduc and who was assessed \$15 or 20 days; for William C. Place, Viking, who pleaded guilty to driving at 40 miles an hour at Cooking

Lake and who was fined \$10 or 14 days.

Harold A. Luna, Edmonton, was found guilty of driving over 40 miles an hour, and was penalized to the extent of \$15 or 20 days. The accused was paced by a patrol car for about two miles at 38 miles an hour, for an officer stated.

Fines of \$5 or seven days on each of two counts were imposed on William Wrynchuk, Leduc, on other breaches of the highway traffic Act. Terms were ordered to run concurrently.

Leslie W. Hough allegedly became abusive to an officer of the R.C.M.P. at St. Albert, where a dance was in progress. The officer had ordered Hough to open the trunk of his auto while he searched for liquor. After refusing to open the trunk, Hough got into the auto and tried to drive away. When warned by the officer, he replied that the latter could lay another charge if he wished, and pushed a finger into the "mountain" stomach.

Hough, appearing before Magistrate A. I. Miller, K.C. Friday morning, pleaded guilty to obstructing a police officer, and was fined

\$50 or three months with hard labor.

He pleaded guilty to a second count—driving at an unreasonable speed, and was assessed \$20 or 30 days. The accused stated that he had been hurrying toward the South Side because a fire was going flat. The terms were ordered to run consecutively with hard labor.

Clarence N. Dock, 17-year-old Govan, Sask., resident, waived from juvenile court, was placed on two years' suspended sentence and his own recognition of \$1,000 on charges of being in possession of stolen property and forgery.

Dock told the court that he came here from Vancouver and after being laid off from a job decided he had enough money to keep himself for a while. He did not intend to commit any more crimes.

He was fined \$40 and costs or two months. Norman Brown, Edmonton, pleaded guilty to committing an indecent act, said he had just "seen creeps." He was fined \$40 and costs or two months. William Roultan, listed "among those present," pleaded guilty and was assessed \$40 or two months.

## More Than 140 Are Nominated For Sask. Seats

REGINA, June 2.—(CP)—More than 140 candidates were officially nominated yesterday to contest the Saskatchewan general election June 15 in which 31 of the legislature's 55 seats are at stake.

Four other members of the next legislature will be elected later. In Cumberland constituency nomination day is June 10 with voting June 24 while three members will be elected by members of the armed services outside the province. Details for the soldiers' vote have not been announced yet.

### RIDING UNREPORTED

Telegraph communications from Athabasca, a northern riding, were closed late yesterday and official nominations from that riding were unreported. In the other 31 constituencies Liberals nominated 49; Progressive Conservatives 27; C.C.F., 36; Labor-Progressive, two; Independent, three; Independent-Reformer, Social Credit and United Progressive, one each.

Premier W. J. Patterson, whose Liberal government seeks return to office, will contest Cunningham, while Rev. T. C. Douglas, C.C.F. leader who recently resigned his house of commons seat, will seek to represent Weyburn and R. D. Ramsay, Progressive Conservative leader, is a nominee in the Saskatchewan City two-member constituency.

Four candidates have been named in two ridings and three each in 21. Saskatoon City has nine while other two-member constituencies, Moose Jaw and Regina City, have seven and six nominees, respectively.

### TWO WOMEN

Two women were nominated, Mrs. Gladys Strum and Mrs. B. Trew, both C.C.F., in Cunningham and Maple Creek ridings, respectively.

Members of the armed services in Saskatchewan on election day will vote in the constituency in which they are stationed but for candidates in their home ridings.

The ballots will be counted later in Regina and this procedure may affect close races.

Members to represent armed forces in Canada and Newfoundland, in Great Britain and the Mediterranean will be elected after returning officers arrive in the areas to arrange voting.

### C.W.A.C. Officers Are Visiting City

Lt. Kathleen Weaver and WO1 Agnes M. Carey of the C.W.A.C. were in Edmonton Friday in connection with the current recruiting drive.

Former Edmonton women, both were in the first class of C.W.A.C. recruited here. Until recently they were at the Basic Training Centre at Vermilion and now are stationed at Currie Barracks, Calgary, awaiting postings.

## Visits City

Capt. Maurice Burdige, veteran flying instructor of Edmonton and one of the trailblazers of now important northern sky routes, visited friends at the airport here Thursday. Employed by Trans-Atlantic Commercial Airways, Capt. Burdige was on the way from Costa Rica, Central America, to Victoria, B.C., when he stopped over here. He left for the coast city Friday morning.

## Face, Hand Cut in Traffic Accident

Jack Taylor, 3142 34 street, cut on the right hand and face in a traffic accident which occurred at 4 a.m. Friday at 97 street and 100A avenue, was admitted to the Royal Alexandra hospital, where he received treatment. A travelling companion, Reynold Holz, received a sprained left thumb.

The accident occurred, according to Taylor, as he drove his auto through the 97 street subway at 104 avenue, at which time a cigarette dropped from his mouth into his lap. As he attempted to put it out, he swung the auto, striking another vehicle parked in front of the Ritz hotel.

Both vehicles were damaged. Owner of one parked car was said to be Norman Young, 10355 97 street.

## Plan Discussion Of Art Exhibits

Representatives from the six leading art galleries in Western Canada will meet in the Edmonton Museum of Art Saturday morning to form a western art exhibition circuit. With the formation of the circuit exhibits will travel around to the various galleries. It is hoped the plan will be in operation by next fall.

Representatives are Lawrence Harris of Vancouver; H. G. Glyde, Calgary; Miss W. Mulcaire, Regina; A. L. Grosvenor, Winnipeg; E. Linder, Saskatoon; and R. W. Hedley, Edmonton.

## Nazis Set Up Puppet Govt. In Bulgaria

By RICHARD R. KASISCHKE  
LONDON, June 2.—(AP)—Bulgaria apparently has been taken over by the Germans through a puppet regime in the same manner that they assumed control of Hungary, another wavering satellite, last March.

A Transcon dispatch broadcast last night by the Berlin radio reported the formation of a new Sofia government headed by Ivan Bagrianov, 55-year-old former minister of agriculture and one-time adjutant of the late King Boris, as premier and foreign minister.

### STRONGLY PRO-AXIS

Bagrianov is one of the most pro-Axis of Bulgaria's politicians. The Transcon report lifted a silence which had cloaked Bulgaria since the resignation of Premier Dohol Bujinov's cabinet under two-way pressure, from Berlin to increase its war contribution and from Moscow to get out of the conflict or suffer the consequences.

Since Bujinov's fall last week neutral reports have said the Germans poured troops into the country and took over command of the Bulgarian army to integrate it into defence against the anticipated new Russian offensive. Disident army leaders were reported to have fled.

A Hungarian news agency broadcast recorded by United States government monitors said various "decrees" concerning the organization of industrial production "were prepared and 'shopping hours were fixed for Jews' by Premier Dohol Bujinov's Hungarian cabinet Thursday.

## Berry-Pickers Given Warning

"Women who wish to go to British Columbia to pick berries this year should not leave Alberta for British Columbia until advised by National Selective Service or their nearest district agriculturalist."

William Carrall, manager of the Edmonton Branch of the Unemployment Insurance and National Selective Service commission, said Friday.

"Numerous inquiries have been received from people who are anxious to go to British Columbia for the berry picking season this year. Quite a number who have been there in former years, wish to go back again this year," he said.

"We are expecting the first movement of berry-pickers to commence June 12. It is believed that berry-pickers will be required from June 12 to the end of September." British Columbia authorities advise that only female workers are recruited.

## Germans Expect Invasion Blow From N. Africa

By JAMES M. LONG  
LONDON, June 2.—(AP)—A German military commentator asserted yesterday that Allied divisions—about 120,000 men—were massed in North Africa, ready to strike at the French or Italian Riviera when the signal for the invasion from the west is given in Britain.

The Germans were aware of plans for potentially powerful offensives from all sides. From Britain, the great amphibious movement is not far off, said a Royal Naval officer, Admiral Sir William M. James, chief of naval information.

The Nazi military commentator for the German DNR Agency pictured the island of Corsica transformed into a great springboard for a blow at Europe's soft flank by the North Africa force, co-ordinated with an attack from Britain.

This force, he claimed is composed of 10 infantry divisions and five tank divisions, which will "obviously be employed in the forthcoming large-scale attack on the western European coasts." He spoke of concentrations of landing vessels in North African ports, and referred to the campaign in Italy as an Allied attempt merely to tie down as many German reserves as possible.

## 128 Credit Unions Now in Province

Alberta now has 128 credit unions with a total membership of approximately 12,000, according to figures released Friday by F. J. Fitzpatrick, supervisor of credit unions for the province.

Since the unions were first started several years ago, loans to members have totaled \$1,656,064. During the month of March, loans increased by \$10,000, and assets by more than \$50,000.

At March 31, assets of the credit unions stood at \$609,345, with cash at \$192,842, investments \$40,447, and loans \$356,775.

According to Mr. Fitzpatrick, the average member of a credit union owns slightly over \$20 of assets, uses about \$20 of credit, controls about \$16 of cash in his union and about \$375 of a union's investments.

Allies Closing On Myitkina  
CANADIAN, Ceylon, June 2.—(CP)—Chinese and American troops are attacking Myitkina simultaneously from three sides and have scored fresh gains in their drive to reduce that Japanese base in north Burma, an Allied communique declared today. The bulletin said the Allied forces were meeting stiff opposition but were inflicting heavy casualties on the enemy.
